

NON-PHILATELIC PERFIN

Member COLIN FOUNTAIN will no doubt have forgotten that some years ago he sent me a photocopy of a Specimen Datapost Form. In his job, Colin dealt with salesmen from various firms and this Specimen Datapost came from Kendrick & Jefferson who specialise in producing complicated stationery incorporating transparent pockets, self-adhesive labels etc.

There is no record of this firm using a perfin on stamps. :

Bulletin No. 283 (Aug' 96) Pg. 10.
